CHIEF ENGINEER

Dear Consultant:

The mileage rate reimbursement allowance for a vehicle used in conjunction with VDOT contracts has increased to \$0.325 per mile effective July 1, 2000. Also the per diem rates have changed in certain localities effective June 1, 2000. Please contact your respective VDOT project manager for guidance.

Effective on the above dates, the new rates may be charged on existing contracts however ***the limiting fee of the contract will not increase***. The new rates will be allowed and incorporated in all new contracts.

Sincerely,

  
James G. Browder, Jr.  
Chief Engineer
